***STAY ALERT, STAY ALIVE* BREAST HEALTH SUMMIT
SCHEDULED FOR MARCH 27-28TH**

POSTPONED

Based upon new information and developments announced today regarding the coronavirus COVID-19 outbreak, we are **postponing** the Breast Health Summit planned for March 27-28th at the Marriott Indianapolis East Hotel and Conference Center.

As we deliberated the COVID-19 concerns, the health and well-being of everyone involved with the Summit—attendees, exhibitors, presenters and volunteers—continued to be our top priority. We believe postponing is the most prudent and proactive measure to take to protect the health and safety of all, and in particular the breast cancer survivors and caregivers who planned to attend, who may be immunocompromised or have pre-existing health conditions that make them more susceptible to respiratory illnesses.

We look forward to sharing with you the rescheduled date for the Breast Health Summit and welcoming you to two days of learning, engagement and empowerment to promote healthier lifestyle choices for all and to foster better breast cancer outcomes.
